Where – Outdoor Campus West, Rapid City

Who – Legislators for Districts 27, 29, 30, 32, 33, 34
and 35 have been invited

photo by Jake DeGroot

What is a Cracker Barrel? - It's a moderated question-and-answer session where the public can ask elected representatives questions about the Legislature. We will have a 25 minute break in between two question sessions. We will prioritize questions from the public about legislation that affects natural resources, interpreted very broadly. Sample topics include: outdoor recreation, environmental pollution, agriculture, energy development, land use, mining, transportation, zoning, wildlife, and waste disposal. Questions about other topics are welcomed after "natural resource" questions are exhausted. This is a free event.

Come join us and find out what's happening in Pierre. The invited legislators are those who represent parts of Pennington, Fall River, Custer, Meade, Butte, Oglala Lakota, Bennett, Jackson and Haakon Counties

Outdoor Campus West is located on Adventure Trail, four-tenths of a mile northwest of Sturgis Road and West Chicago Street intersection.
