# World Water Day Free Virtual Gathering

Wioweya Najin Win  
Debra White Plume  
August 20, 1954 - November 10, 2020

In remembrance of Wioweya Najin Win, Debra White Plume.  
We honor her life's work Protecting Sacred Water from  
radioactive mining on her homelands and across the globe.

Join us as we bring together a diverse collection of speakers and  
citizens who are concerned about the health, environmental, and  
economic impacts that destructive mining projects would have on our  
communities, people, economy, natural resources,  
and especially our WATER. Welcome to our World Water Day 2021.
